**REINES RV CENTER, INC., NAMED 2005
TOP QUALITY DEALER OF THE YEAR**

Fairfax, VA – Reines RV Center, Inc., in Manassas, VA, was named RVDA's 2005 Top Quality Dealer of the Year on September 29, during the RVDA Annual Meeting held in conjunction with the RV Dealers International Convention/Expo featuring the RV Learning Center in Las Vegas, NV. Owner and President Lindsey Reines accepted the award on behalf of the dealership.

A family-owned business, Reines RV Center traces its origins to a car dealership, founded by Lindsey's late father, Dusty, in 1946. In 1963, the dealership began selling RV trailers. The dealership grew through the 1970s and 1980s, eventually outgrowing its location in Fairfax, VA. In 1998, Reines RV Center moved into its current state-of-the-art, ten-acre facility in Manassas that includes a Camping World store. The dealership features a large indoor showroom, a 16-bay service department, as well as a complete line of new and used RVs. The dealership has received many customer service awards from Winnebago Industries, Fleetwood Enterprises, and other manufacturers. Reines is an active participant in the RVDA/Spader 20 Group program.

"My father and late brother, Richard, would be very pleased that the dealership they worked so hard to establish continues to grow and prosper," Reines said. "While our employees are pleased to receive the Top Quality Dealer award, we are not satisfied. We are committed to working with our manufacturers, suppliers, and other business partners to improve the RV experience for all our customers."
